Discover how Tlhakusani Holdings can support your next project with professionalism, innovation and reliability.

# Vision & Mission

## Our Vision

To be the foremost provider of sustainable, ground-up infrastructure solutions transforming communities and industries through innovation, precision and unwavering ethical standards.

## Our Mission

- Deliver safe, reliable and cost-effective services in borehole drilling, maintenance, construction and plumbing.
- Exceed client expectations through proactive communication, continuous improvement and best in class project execution.

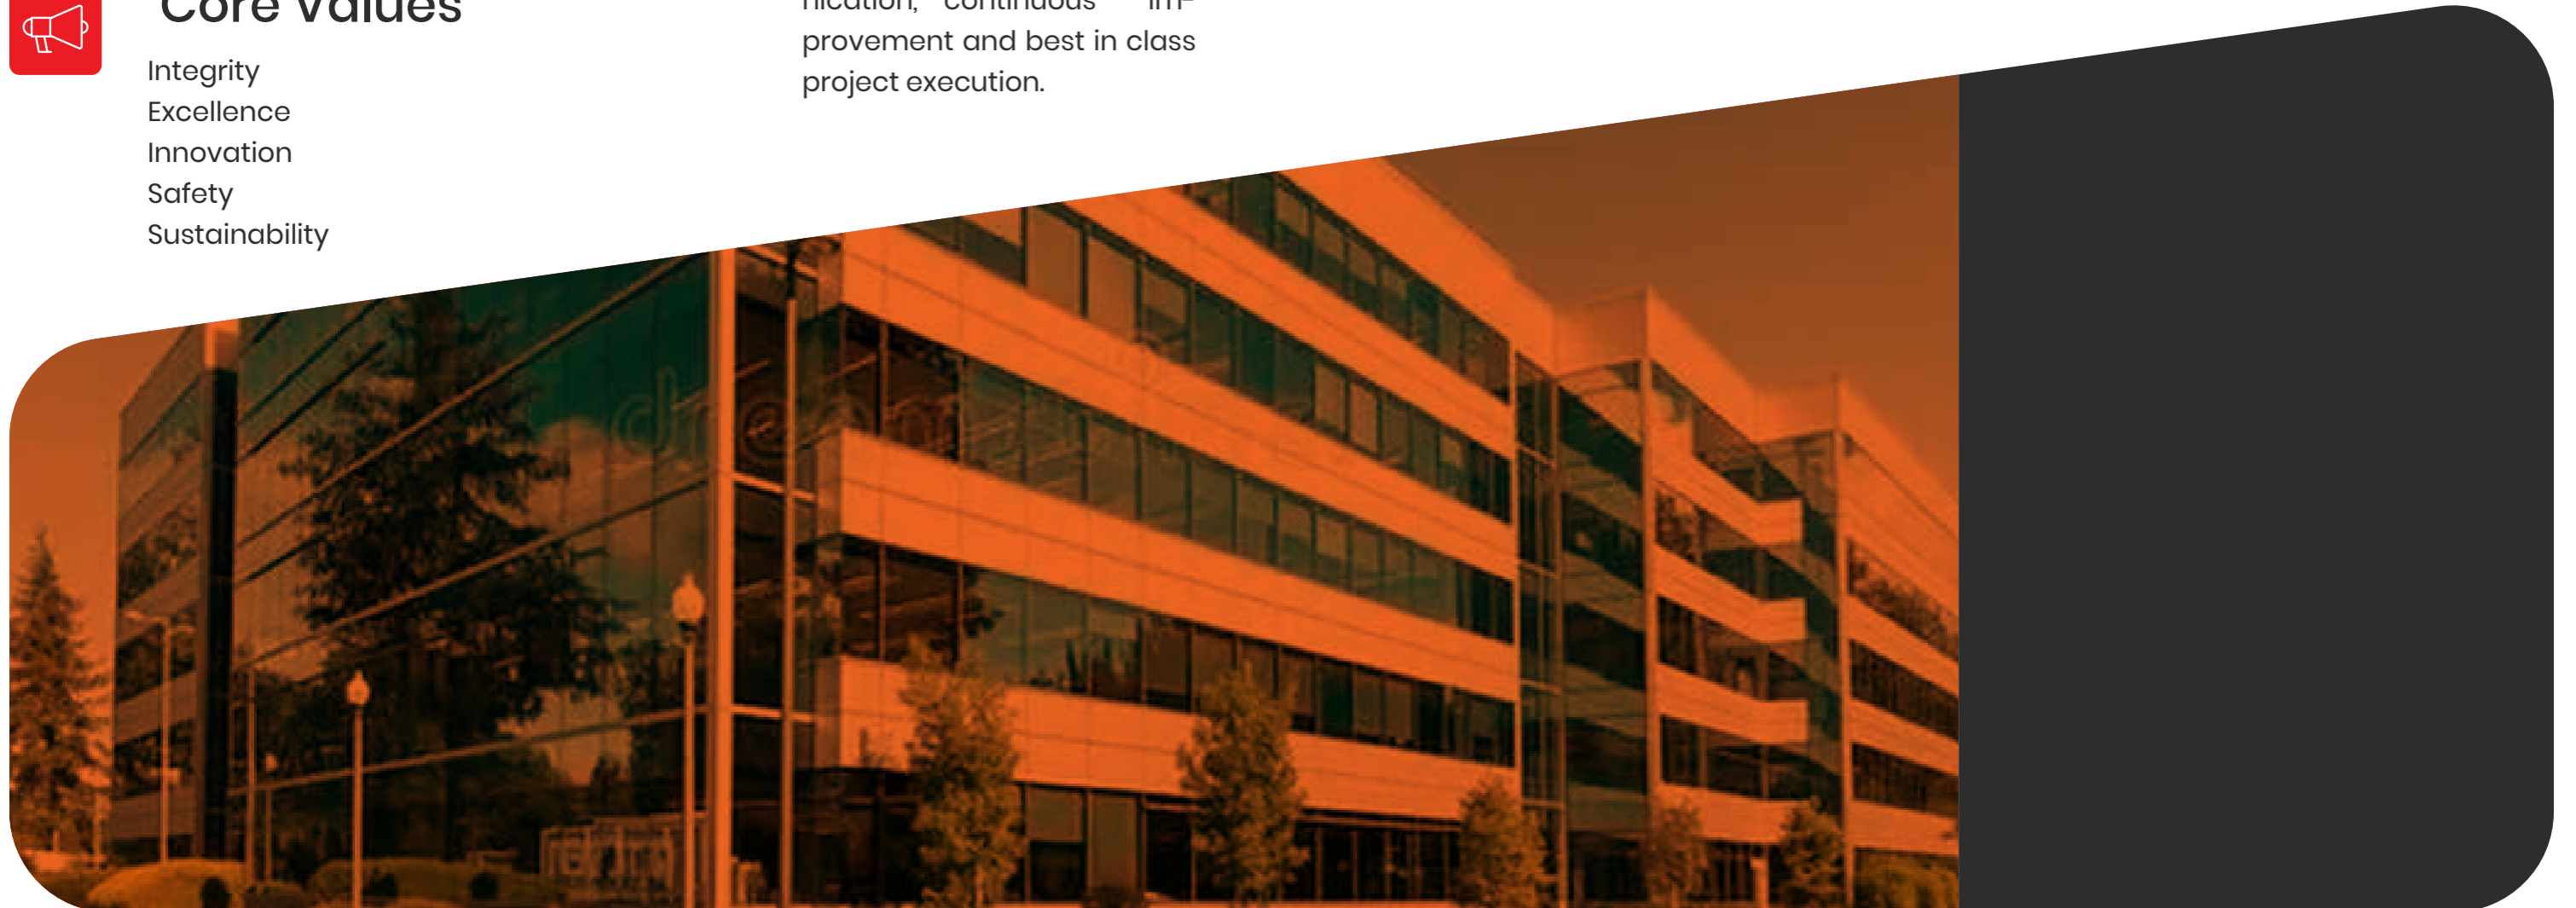

## Core Values

Integrity  
Excellence  
Innovation  
Safety  
Sustainability

# Our Team

Our multidisciplinary team comprises certified hydrogeologists, civil and mechanical engineers, project managers, skilled artisans and health-and-safety specialists. Each member is selected for technical competency, ethical conduct and alignment with our client-centric philosophy.

# Our Core Service

## 01 Borehole Drilling

- Hydro-geological surveys and site feasibility assessments.
- Rotary, percussion and reverse circulation drilling techniques.
- Aquifer testing, well development and water-quality analysis.
- Pump installation, commissioning and yield optimization.

## 02 Maintenance

- Preventive and reactive servicing of boreholes, pumps and distribution networks.
- Leak detection, pipeline rehabilitation and pressure management.
- Scheduled inspections using sonar, CCTV and data-logging instruments.
- Comprehensive maintenance contracts tailored to client asset portfolios.

## 03 Construction

- Civil works: foundations, structural concrete, earthworks and landscaping
- Project management: feasibility studies, value engineering, budgeting and scheduling
- Turnkey delivery: from conceptual design to handover, ensuring seamless integration

## 04 Plumbing

- Design and installation of potable water, drainage and stormwater systems.
- Sanitary ware, fixtures and water-saving solutions.
- Backflow prevention, booster pumping and pressure regulation
- Emergency response: 24/7 troubleshooting, blockage removal and pipe repairs.

“We don’t just drill, build or fix—we engineer the foundations of progress.”

# Why Choose us?

- Holistic service offering under one roof—minimizing coordination risks and maximizing efficiency.
- Proven track record of delivering on time, on budget and beyond specification.
- Commitment to transparent reporting, ethical conduct and shared value creation.
- Adaptive, solution-oriented culture that thrives on tackling complex challenges.

## Quality Assurance & Safety

- ISO-aligned quality management system to ensure consistent service delivery.
- In-house safety officers and risk-management plans for every project.

- Continuous training on best practices, machinery handling and regulatory compliance
- Rigorous testing protocols and third-party audits to validate performance

# Our Technology & Sustainability

## Technology & Innovation

- GIS mapping and drone-based site surveys for accurate project planning
- Remote-monitoring platforms for real-time performance tracking of pumping systems
- State-of-the-art rigs and precision tooling that reduce drilling time and environmental impact
- Digital twin modeling for complex construction projects, enabling predictive maintenance

## Sustainability & Community Impact

- Water-conservation strategies and rainwater-harvesting integration.
- Use of eco-friendly materials, low-VOC coatings and energy-efficient equipment.
- Community training programs on water-management, hygiene and basic maintenance.
- Local procurement policies that support regional suppliers and stimulate economic growth.

# What we Value

We design and implement solutions that minimize ecological footprint and promote resource stewardship.

- **Integrity:** We operate with honesty, fairness and accountability in every project.
- **Excellence:** We pursue technical mastery and operational rigor to set new benchmarks.
- **Innovation:** We continuously adopt and develop new technologies, methodologies and materials.
- **Safety:** We place the well-being of our personnel, clients and communities above all else.
